

You may be aware that the Capel Sound Foreshore Committee of Management has recently completed its Coastal Management Plan. As part of the plan a 'boating strategy' has been implemented to address our Tootgarook Boat Ramp and Boating along Capel Sound Foreshore.

Some of the things we'll be considering in the boating strategy are:

- ⇒ Maintenance requirements at the Tootgarook Boat Ramp;
- ⇒ Infrastructure recommendations;
- ⇒ Traffic Management;
- ⇒ Financial viability of the Tootgarook Boat Ramp;
- ⇒ Manual launching along Capel Sound Foreshore;
- ⇒ Safety;
- ⇒ Develop policy.

As part of this process we'd love for you to join our working group, or if you don't have the time simply fill in the back with your suggestions and leave at the Boat Ramp site office, give to one of our team members, or drop off at the office.

After the summer season we'll follow up with a survey/questionnaire, and hope to have the working group meeting in July/August 2017.

Additional detail can be located on our website:
